

POLICEMAN SHOT LEADER OF GANG

Ahearn Asserts that Julian Morrell Whom He Wounded in the Breast, Led a Band of Ruffians.

OFFICER SAYS HE WAS
CHASING WIFE-BEATER.

Morrell Declares that Ahearn Was Chasing Newboy with Drawn Revolver and He Interfered to Save the Boy.

The shooting of Julian Morrell, twenty-four years old, of No. 416 East Seventeenth street, early to-day by Policeman Richard Ahearn is but an episode, the police declare, in their attempt to rid that section of Third avenue between the Bowery and Twenty-second street of a class of degenerates who have been levying blackmail on women.

Morrell was shot in the right breast, the bullet lodging in the armpit, but he will recover. Ahearn's face was cut and he was generally bruised about the body from the severe mauling which he received at the hands of Morrell before he shot him.

According to the police Ahearn was led into a trap, prepared for him by a gang of ruffians similar in kind to the Monk Eastman type. They are known as the Sam Paul Association and their particular form of depravity is in the levying of tolls on women.

Ahearn's Story of Shooting.

Ahearn tells his story in a straightforward way, but there is a variance in the cause and effect as set down by his best when he heard the cries of a woman on the corner of Thirtieth street and Third avenue. As he was running to her rescue three men approached her to help their companion, who was attacking her at the time. Seeing the policeman they all took flight. Ahearn in pursuit. Catching up with the last of the pursuers Ahearn was about ready to shoot him when he was thrown by Morrell, who suddenly appeared.

The woman gave the name of Anne Wilson and said she was an actress, working in several vaudeville houses. She said she was returning home after her night's work when approached by a man who demanded money from her. This she refused to give, and then he began to beat her. She saw the light that followed and her story tallies with that told by Ahearn.

Morrell Makes Denial.

Morrell declares that he was in no way interested in the operations of the men who tried to rob the woman. He gave his occupation as that of a carpenter, but this, the police say, is not true. Ahearn claims that the man is one of the vicious gang who is implicated in the attack upon the woman.

For several weeks the Police Department has been receiving complaints from women in this section of the city and in effort has been made to clear Third avenue of this class. Capt. Gallagher, of the East Twenty-second street station, said to-day:

"These four men who were concerned in the attack upon this woman were mixed up in the riot on Tuesday night. I know that the Sam Paul Society was mixed up in the 'Silver Dollar' shooting affray a year ago, and these men are all of the same ilk. Morrell Eastman."

Capt. Gallagher declared that the assault on the woman was nothing more than a lure to bring Ahearn to her assistance and then to fall upon him, possibly beating him to death.

GAMBLER, LOST,
WANTED TO DIE

George Batscher, fifty-eight years old, a builder, who lives on Georgia avenue near Pitkin avenue, East New York, was prevented from ending his life to-day by the barking of his Newfoundland dog Roy, who alarmed his wife and son in time to summon assistance.

Batscher went home that night and had a quarrel with his wife. He got up early to-day, and calling the Newfoundland, which he had raised from a puppy, went into his study. A short time afterward his wife and son were roused by the furious barking of the dog. At first they thought Mr. Batscher was playing with it and paid no attention. When the barking continued, however, Mrs. Batscher went to the room and found her husband stretched on the floor unconscious, bleeding from several arteries in both arms, which he had severed with a penknife.

Dr. Jones was summoned from the Bradford Street Hospital. After sewing up the wounds he took the man to the hospital, where he soon recovered consciousness. He told the doctors that he had gambled away all his money and wanted to die. He will recover.

YALE MEN WILL COACH
THE BOYS AT ANNAPOLIS.

ANNAPOLIS, Md., Sept. 18.—Coach Burr Chamberlain, of Yale, has been asked to assist in coaching the Naval Academy football team this season. Charles E. Gould, who will be head coach, is not expected until the end of the month. This is the first time for several years that Yale coaches have been employed and it goes to show that the navy athletic authorities have not been entirely satisfied with the Princeton style of playing the game which has been taught here for the past few years.

17,000 CUT DOWN IN RIFT OF CARNAGE BY THE TURKS

Massacre at Kastoria Confirmed and News Brought that Men, Women and Children Were Butchered—City Set on Fire Is Still Burning.

SOFIA, Bulgaria, Sept. 18.—Further reports from Kastoria, thirty-six miles from Monastir, say the city is burning, and that the massacre of its population, estimated to have numbered 10,000 persons, was indescribably terrible.

The Turks slaughtered indiscriminately Bulgarians and Greeks, men, women and children.

The details of the massacre are lacking, and the people here are greatly excited, waiting for the news which is hourly expected. The newspapers are urging the mobilization of the entire army at once.

Daily reports of pillaging and murder in Macedonia are being received and matters have been made worse by calling out the Turkish reserves and militia.

It is stated that the Austrian and Russian Consuls are vainly trying to check the outrages.

Among the latest reports from Monastir is one that Turkish soldiers murdered a Bulgarian priest and all his relatives, some thirty-five persons in all. They also pillaged and burned a Bulgarian monastery near Silivritza.

A Turkish war balloon is reported to have been seen hovering for the last three days close to the Bulgarian frontier, in the vicinity of Ilango, forty-five miles from Philippopolis.

A severe fight has occurred at Javitz, in the mountains of Kratovo, between two thousand Turks and eighty insurgents. It continued for eight hours. The insurgents used bombs with deadly effect. About a hundred Turks are reported to have been killed and many were wounded. The insurgents had two men wounded.

A fight is also reported to have taken place at Rupel Paso, near Sere, forty-three miles from Salonica. Insurgent bands recently surrounded and annihilated a whole company of Turks. The bands then fled to the mountains. Three battalions of Turkish troops have been sent from Salonica to pursue them.

A small body of peasant refugees near Prebha, who were starving in the mountains, started to seek for food. At Na-

voel tactics at Columbia

Coach Morley was out on the Campus with the Columbia football squad in the rain yesterday, and a larger squad than ever before was on hand, including Charles L. Frambach, the big left half-back of last year's varsity.

Although it was his first day out, Frambach seemed to be in fine fettle. Two other men making their initial appearance were Richard Jones, a substitute quarter-back in 1902, and R. C. Beal, a new man.

Morley said the men at work were big and strong, and that things looked well. After the preliminary practice the centre rush and backfield were drilled in tactics required by the new rule. The quarter-back stood in his regular position, close behind the centre, and the latter passed the ball direct to either left or right half-back. Occasionally the ball was given to the quarter-back, and he dashed parallel to the rush line for a short distance and then turned sharply at right angles.

The men executing these manoeuvres were: Smythe, centre; Jones, quarter-back; Fisher, left half-back; Smith, right half-back and Frambach, full-back.

In lining all the men up in order to start with the ball, the first eleven men chosen were taken to be the provisional team. They were: Smythe, centre; Morris, right end; Jones, quarter-back; Smith, left half-back; Frambach, right half-back, and Fisher, full-back.

Final arrangements for the American National Bowling Tournament were completed last night at Klump's Harlem Circle Palace, where the delegates from the twenty clubs met and effected a permanent organization by electing the following officers: President, Robert Merten; vice-president, Ernest Roedel; secretary, M. E. Werner; treasurer, John Koster; Executive Committee, George L. Raugh, H. Darmstadter, Mr. Wascher, B. A. Alexander, B. B. Ripley.

It was decided to play the opening games on Sunday at Klump's. The New York Bowling Association. The prize fund amounts to nearly \$300. There will be eight team prizes.

The clubs entered are as follows: Fairmount, Circle, Bronx, Tallapoosa, Enterprise, Washington Heights, Arcanum, Mystery, Constitution, Harlem Circle, Harlem Club, Active, Monarch, Lexingtons of Willy Plains, Actreana, Morris, Brown Vista, St. Ann's, Cosmopolitan, Longwood and St. Mark's.

SIGNED BY REDS.

Harry Steinfeldt is the first member of the Cincinnati team to be signed for next season. It happened yesterday morning when Steinfeldt called on President Herrmann to talk over next year's business. From what can be learned, Steinfeldt was not asked to start out because of his comparatively low salary this season, and he was tickled to affix his signature to a contract calling for the same amount he drew this year for next season.

INTERNATIONAL MATCH OFF.

Schoolboys of America and England will not engage in an international athletic meet this year, as was suggested by R. S. Patterson has just returned from abroad, where he went to endeavor to bring about such a meeting. He says the plan has fallen through.

TURKISH ATROCITIES
ARE UNDERESTIMATED.

LONDON, Sept. 18.—The Westminster Gazette says a well known London Journalist cables from Belgrade as follows:

"Starting with pro-Turkish sympathies, I have found overwhelming evidence convincingly proving that the Turkish atrocities are rather underestimated."

"Foreign Minister Taokoff tells me he knows of cases of starving women in the forests killing two of their children to preserve the third. The forest wanderers will all perish of cold within two months."

GERMANY, ANGRY, WANTS
LIGHT FROM RUSSIA.

BERLIN, Sept. 18.—The German Government holds in view four points in the Balkan situation.

First—Does Russia regard that the time for the break-up of European Turkey has arrived? The German Ministers have been unable to penetrate Russia's ultimate intentions and note with displeasure the concerted attacks of the Emperor and Kaiser on Germany.

Second—If Prince Ferdinand is persuaded that his throne is dependent on a war with Turkey then war is certain. Every effort should be made to tranquillize Prince Ferdinand's mind.

Third—The meetings of the sovereigns, attended by their Foreign Ministers, are expected to clear up the obscurities of the situation and enable German statesmen to forecast the future.

The Emperor and Austria met at Vienna to-day. The Czar meets Emperor Francis Joseph Sept. 21, and will then visit the King of Italy. Events are expected to remain quiet until after the 25th, unless Bulgaria refuses to wait.

Fourth—The protest for an Austrian Russian joint occupation of Macedonia has been wholly abandoned, and there is no longer the least likelihood of a renewal of the proposition.

190 HORSES IN
YONKERS RACES

One hundred and ninety trotters and pacers have been named for the fall meeting of the Empire City Trotting Club which will be held at the Empire City track, Yonkers, N. Y., beginning Wednesday. This record-breaking entry includes nearly all the best horses, but many of the Grand Circuit performers who refrained from going West. There are sixteen races scheduled and of them have received an excellent list of promising horses. Major Delmar is to go against the world's record of two minutes on Thursday.

SLOW WORK AT
LOCAL TRACKS

GRAVESEND.

GRAVESEND, N. Y., Sept. 18.—This being the slow day the track was little more than a training line and the track being in a sticky condition anything in the way of fast work was out of the question.

Woodford Clay's racer, Flying Ship, attracted the attention of the watchers by breezing six furlongs in 1:21.4, which was the fastest clip he has yet shown since he first forced his way to the result of an injury received in his last race at Sheepshead Bay. Her skin glistered with health and she goes at her work with a dash that marks her to be ready for the training work.

Yard Arm Hurt.

Yard Arm, E. R. Thomas's good sprinter, will never race again. This morning while Trainer Will Shields was sending the colt along to a stiff breeding exercise he slipped in the muddy going and seriously tore the ligaments of his off fore leg. So serious was the injury that the exercise boy had to jump from the saddle to escape falling with the horse. Fortunately the accident happened close to the Thomas barn and there was a comparatively short walk to get the crippled colt to his stall. Dr. Shepherd was sent for, and after an examination he pronounced the injuries permanent, and said that it would be impossible for him ever to race again.

Hermis, of this same lot, was shown to easy breeding exercise. Duke of Kendal also breezed six furlongs in 1:25. Dimple was asked three-quarters of a mile in 1:28. Andy Williams was sent seven furlongs in 1:51.3. Outcome of the two-year-old stakes race, same day, which was won by the same sire, was a maiden race, reeled off one-quarter in the muddy going at 0:28.

BALFOUR MAY HAVE TO RESIGN

London, Exalted Over Cabinet Split, Hears that the Premier in His Official Plight May Follow Chamberlain.

LORD MILNER LIKELY TO BE
NEW COLONIAL SECRETARY.

Successors to Those Who Have Resigned Will Be Named to Hold Over Until Parliament Meets Next Year.

LONDON, Sept. 18.—The consternation and excitement caused by the dramatic announcement of Joseph Chamberlain's resignation of the Secretaryship for the Colonies prevails among all classes in the United Kingdom. So the exclusion of every other topic. The great majority of the public only learned the news from the morning papers and their astonishment in many cases was so great as to prevent the expression of any coherent opinion.

The Pall Mall Gazette this afternoon aptly sums up the general feeling by describing the present crisis as the "most extraordinary in the whole history of constitutional government," adding that what will happen next no one can forecast with any degree of absolute certainty.

Balfour's Hard Task.

It goes on to state that Premier Balfour will fill up the vacancies and carry on the government until he meets Parliament in 1904.

Mr. Chamberlain also does not look for an immediate general election, expecting at least a twelve months' propaganda before the electorate can decide upon his proposals. Other rumors are current that Mr. Balfour is unable to find men to fill the vacancies and that he will be obliged to hand the King his own resignation. This, however, does not appear to be likely.

The Birmingham correspondent of the Exchange Telegraph, however, hears on the highest authority that the resignations of other members of the Cabinet will be handed in shortly.

The Westminster Gazette and other papers forecast Lord Milner, the High Commissioner in South Africa, as succeeding to the Colonial Office, and it is definitely stated that Lord Stanley, Financial Secretary to the War Office, and probably James Lowther, Deputy Secretary of the Admiralty, will be promoted to the Cabinet, but the details of its reconstruction are not likely to be known until Mr. Balfour has seen the King. Almost every paper has its own candidates for the various vacant offices, but among those promoted to the Cabinet, but the details of its reconstruction are not likely to be known until Mr. Balfour has seen the King.

Will Support Him.

Lord Rothschild's statement yesterday, however, can safely be taken as an indication that the Duke intends to support Mr. Balfour, at any rate until Parliament meets.

The Associated Press learns there is good reason to believe that the report that War Secretary Brodrick will be transferred to the India office is correct.

The new cabinet is expected to meet on Monday, Sept. 21, at 10 o'clock. The prediction that the markets would not be affected by the Cabinet crisis has been fulfilled, indeed, consols exhibited a firmer tone to-day.

August Belmont's great racer Master-been allowed since her forced let-up, was asked a mile in 1:21.4. He raced admirably, and it looks sure that Trainer Hyland intends him to face the flag before many racing days are over.

F. Hittchock, Jr., had The Buck cover a mile in 0:56.

S. Brown's racers, Broomstick, Blue Ribbon, Audiance and others were shown to easy exercise under charge of the stable's foreman.

P. Wimmer is sick in bed. It is nothing serious. He hopes to be out in a few days.

F. A. Jones sent Charlie Fisher and Silver Pur a half mile breather in 55.4. L. V. Bell's St. Jude turned six furlongs in 1:26.

The J. R. and F. P. Keene racers were all shown and are ready to run. Trainer Rowe, however, did not fancy the conditions and nothing fast was required.
